

## PORTRAITS

05P...

Appointments preferred & require \$50 deposit. All packages include sitting for 20-30 minutes with professional local photographer for up to 4 people and 1 or 2 pets (more can be accommodated for additional charge). Number of shots will be determined by flow of session. All shots will be uploaded to our events site and additional prints and products can be ordered from that site (all sessions are private and will be given an event code for entry). These will be low resolution files for viewing and you are welcome to email or post to sites such as Facebook, and we'd be happy if you mentioned where they were taken and by whom! Resolution will not be adequate for printing however. Balance of base shoot (less deposit) must be paid at time of shoot, packages may be selected later with \$89 credit towards them.
